

11.-14.03.2025

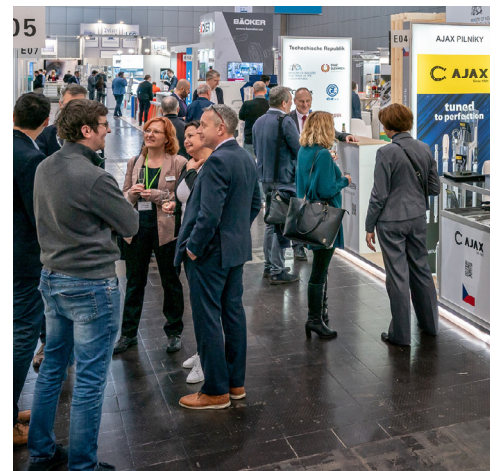

International Subcontracting Fair for Parts, Components, Modules and Technologies

Z is one of the leading international subcontracting fairs in Europe. Every other year, it provides a platform for subcontractors who cover the early and middle stages of production and for industrial service companies. The 2025 edition of this subcontracting trade fair offers a wide range of products and services and will once again provide an industry get-together for decision-makers and professionals from machine tool and plant engineering, the automotive and vehicle industries, toolmaking and other industrial sectors.

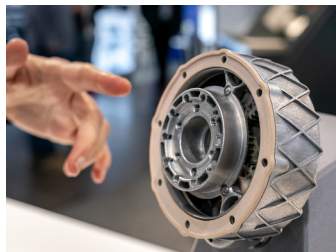

Two other trade fairs will be held in parallel with Z: Intec, the International Trade Fair for Machine Tools, Manufacturing and Automation and GrindTec, the International Trade Fair for Tool Grinding and Machining.

Taken together, Z, Intec and GrindTec form a trade fair trio unlike any other in Europe, covering the entire value chain of the metal processing industry. Professionals in this field will find tailor-made solutions across all stages of planning, production preparation, operative manufacturing and distribution.

Z at a glance:

Fair duration	11.-14.03.2025
Opening times	11.-13.03.2025: 9 am - 5 pm 14.03.2025: 9 am - 4 pm
Venue	Leipziger Messe, Messe-Allee 1, 04356 Leipzig, Germany
In conjunction with	<ul style="list-style-type: none"> • Intec - International Trade Fair for Machine Tools, Manufacturing and Automation • GrindTec - International Trade Fair for Tool Grinding and Tool Machining
E-mail	info@zuliefermesse.de

Exhibition categories

- Parts and components
- Bonding, connecting and assembly processes
- Tools and semi-finished products
- Processing as a technological service
- Tools and equipment for the production of contracted parts and modules
- Electrical engineering and electronics – single components, assembly units, systems for production, finishing, assembly and testing
- Industrial services
- Information, organisation, consulting

Visitor target groups

Sectors represented by visitors

- Machine tool and plant engineering, tool making
- Automotive and vehicle industries
- Other industry sectors, such as electrical engineering and electronics, power plant construction, plastics technology and processing, agricultural machinery, aviation, medical technology, the optics industry and railway vehicle construction
- Service providers for the industry

Visitors with expertise

- CEOs
- Senior managers
- Procurement and sourcing
- Manufacturing and production preparation
- Research, development and construction
- Quality assurance
- Maintenance and logistics

Conference programme

With its wide variety of formats, the Z, Intec and GrindTec conference programme offers interdisciplinary information and orientation for your daily business operations.

Trade meetings, conferences, workshops

Transfer of knowledge and innovations between researchers, industries and businesses

Hotspots for new technologies

Additive processing – digitalisation – fuel cell production value chain

Exhibitor forums

Exhibitor products and services front and centre direct and geared toward applications from daily business operations

CONTACT-business meetings

Meetings at the event and B2B contacts ahead of the event arranged in cooperation with network partners in Saxony from the Enterprise European Network

Get together for international businesses

In cooperation with the Saxony Economic Development Corporation and international project partners

2025 Prices for exhibition space & stand packages

Standard	Registration by 14 October 2024	Registration from 15 October 2024
Row stand	€ 166.00 m ²	€ 176.00 m ²
Corner stand	€ 176.00 m ²	€ 186.00 m ²
Peninsula stand	€ 186.00 m ²	€ 196.00 m ²
Island stand	€ 189.00 m ²	€ 199.00 m ²
Stand packages	from € 136.00 m ²	

Prices do not include the following: AUMA contribution: € 0.60 / m² | Media flat rate: € 230.00* | Media flat rate: € 215.00** | VAT

* Entry in the exhibitor and product directory as well as the Intec, Z and GrindTec app

** Includes the provision of advertising materials and client invitations per exhibitor / co-exhibitor at no additional cost

2023 Facts and figures

Exhibitors

170 Exhibitors
65% from Germany
35% from abroad (18 countries)

Exhibitor target industries

(Multiple answers possible)

Machine tool and plant engineering, tool making	70%
Automotive industry and suppliers	66%
Industrial services	37%
Other industrial sectors	38%

Electronics / electrical engineering, plastics technology and processing, medical technology, etc.

Visitors

19,300 Visitors to Z, Intec and GrindTec
10,934 attended Z
87% from Germany
13% from abroad
98% Trade visitors

Visitor feedback

(Multiple answers possible)

- 96% Would recommend
- 78% Said their goals were generally achieved
- 74% Were satisfied with the results of business at the fair
- 93% Plan to attend in 2025

Influence on purchasing and investment decisions

59% primary decision-maker / involved in decisions

19% advisory role
